## TOOL LANYARD

Enhance safety and productivity while working at heights with the Bee Access Tool Lanyard. Designed to minimize the risk of dropped tools, this lanyard features a high-performance shock-absorbing body that gradually slows falling tools, reducing impact forces. Secure, double-action locking carabiners ensure a reliable connection, preventing accidental detachment. By tethering tools effectively, the lanyard helps protect workers from injury, prevents equipment damage, and reduces downtime caused by lost or dropped tools.

### FEATURES & BENEFITS

- Carabiner - Screw-Gate Locking
- Adjustable Barrel Lock For Tool Attachment
- Shock-Absorbing Design
- Cost Effective Tool Drop Prevention
- ANSI 121-2018 Compliant

### SPECIFICATIONS

**Part #:** SE-TT-BEE15ANSI

**Stretch Material at Rest:** 36"

**Stretch Material Fully Extended:** 53"

**Max Weight Rating:** 15 lbs

**Material:** Elastic, Polyester, Zinc Plated Steel
