SPEC-SURESPLICE

TAKE THE GUESS WORK OUT OF SAFETY

SURESPlice®

PATENT PENDING

DESCRIPTION

SureSplice® sets a new standard in safe, tool-free beam connections for suspended access outrigger beams. Designed specifically for splicing 5x5 H-beams, SureSplice combines familiar Quickpin locking with intuitive visual indicators, giving you clear and positive confirmation that the splice is fully engaged and secure. When the beams are not fully inserted, the mounting holes for the Quickpins are blocked. When the beams are fully inserted into the SureSplice, the integrated mechanical safety feature will unblock the holes so you can install the Quickpins securely, therefore eliminating potential human error every single time. Installation is quick and easy, with no tools required.

SPECIFICATIONS

Part No.:

- 920183-S - 3ft SureSplice
- 920176-S - 8ft SureSplice
- 920185 - SureSplice Upgrade Assembly

Dimensions:

- 920183-S - 36" x 6.18" x 5.56" (LxWxH)
- 920176-S - 96" x 6.18" x 5.56" (LxWxH)

Weight:

- 920183-S - 24 lbs
- 920176-S - 63 lbs

Construction: Aluminum tube with aluminum and stainless steel components

Compatibility: All 5x5 outrigger beam systems
