POWER CORD

We know from experience that jacket material, conductor insulation and filler all impact power cord performance in the field. So you can rest assured that Bee Access only provides the highest quality power cord available in the US today.

Design: We search for product with excellent resistance to oil and moisture, good tensile strength, high flexibility and abrasion resistance. To help reduce power cord theft in the field, colored cord options are available.

Safety: UL listed and CSA certified for indoor and outdoor use. MSHA approved and RoHS compliant. To help avoid power cord meltdown, Bee Access works with you to properly size your power cord to your application.

Value: Great pricing due to large volume buying! We stock significant inventory, ensuring timely and effective delivery. Our full-catalog of power cord offerings consistently meets or exceeds our customers high standards. Bee Access products are always backed by our unparalleled commitment to customer service and support.

PROTECT-ME® Lifeline Insulator: Help extend the life of your power cord with Bee Access PROTECT-ME®. Our industrial grade, double layered synthetic sleeve with velcro closure easily protects your cord at the point of abrasion and over sharp structural features. Available in 2 & 3ft lengths.

PROTECT-ME®
Lifeline Insulator

SPECIFICATIONS

Voltage: 250V

Power Cord Rating: 10/4 or 10/3 SOOW options

Stocked Lengths: 100 ft, 150 ft, 250 ft boxed or 1,000 ft spool

Custom Finishes: Plugs, connectors, boots & strainrelief
